PROFILE

I specialize in cloud security, cyber incident investigation, digital forensics, and governance, risk, and compliance (GRC). Passionate about identifying threats, mitigating risks, and ensuring regulatory compliance, I thrive on analyzing security challenges, strengthening cybersecurity resilience, and developing strategies to safeguard complex technology environments.

INDUSTRY EXPERIENCE

Deloitte Cyber Job Simulation March 2025

- Completed a cybersecurity job simulation analyzing web activity logs to detect potential threats.
- Assisted a client in responding to a cybersecurity breach, applying incident response strategies.
- Identified and assessed suspicious user activity through log analysis and investigative questioning.

CommBank Cybersecurity Job Simulation Feb 2025

- Completed a job simulation as a cybersecurity generalist for CBA, specialising in fraud detection and prevention.
- Developed skills in data visualisation using Splunk.
- Designed infographics promoting secure password practices.
- Gained experience in penetration testing and web application security.

Google Cybersecurity Certificate March 2024

- Developed expertise in network security, threat analysis, and incident response.
- Gained practical experience with security tools such as Wireshark, OpenVAS, and Linux security.
- Learnt valuable techniques, including encryption, firewalls, security frameworks, and risk management.
Cloud Engineer Intern January 2024

aZaaS, Singapore

- Implementation of hybrid cloud architecture IaaS
- Virtual Machine and firewall policies management
- Configuring network and storage solutions using Azure
- Assess system vulnerabilities for security risk

EDUCATION

2023-2026

BACHELOR OF COMPUTER SCIENCE, MAJOR IN CYBERSECURITY

University of Queensland

International High Achievers Scholar

Hackathon Best Design Award 2023

EAIT Student Leader 2024-2025

WiC Student Leader 2024-2025

SECedu Cyber Security Games 2024

PROJECTS

Microsoft Azure AZ-900 Fundamentals

Microsoft Azure AZ-700 Implementing

Dynamic Portfolio Website

Hack the Box Challenge Write-ups

Auslan Learning Interactive Website

Flipper Zero Hardware Modules

WORK EXPERIENCE

Art Instructor 2024 Oct - Present

Wesley Taylor Art Studios, Brisbane

- Facilitation and teaching skillsets
- Event management
- Customer Service

Art Teacher 2023 Mar - May

Ministry of Education, Singapore

- Curriculum lesson grading
- Classroom Management
- Administrative work
